COMPANY PROFILE

At **MARCO FIRE PROTECTION SYSTEMS**, we deliver complete fire safety and environmental protection solutions designed to safeguard people, property, and assets from fire hazards and safety risks. With expertise in **consulting, designing, planning, fabrication, and execution**, we provide end-to-end turnkey projects for fire detection and protection systems across residential, commercial, and industrial sectors.

We specialize in fire safety consultancy and are trusted for consistent quality, client satisfaction, and reliable services. Our solutions cover the **design, supply, installation, testing, and commissioning** of advanced fire protection systems.

Our Fire Protection Systems Include:

- Fire Extinguishers – Manual & Automatic (ABC, CO₂, Foam, Clean Agent)
- Water-Based Fire Fighting Systems – Hydrants, Hose Reels, and Sprinklers
- Intelligent Fire Alarm & Detection Systems – Addressable & Conventional
- Advanced Gas-Based Fire Suppression Systems – FM-200, Novec 1230, Inergen, CO₂
- Emergency Lights, Glow Safety Signages & Fire Doors
- Integrated Fire Safety & Security Systems

Our Services:

- Turnkey Fire Safety Project Execution
- Fire Extinguisher Refilling & Recharging
- Annual Maintenance Contracts (AMC)
- Emergency Evacuation Plans & Factory Safety Policies
- Fire Safety Training & Mock Drills
- Consultancy & Compliance with Fire Safety Standards
- Repair & Upgradation of Fire Fighting Systems

Manufacturing Capabilities:

Marco Fire Protection Systems takes pride in its in-house manufacturing capabilities, delivering high-quality fire safety products that meet industry standards. We specialize in the fabrication of **Hose Boxes (Single Door and Double Door), Fire Shaft Doors**, and a wide range of customized fire protection solutions. With advanced machinery, skilled technicians, and strict quality control, every product is designed for durability, reliability, and safety. Our in-house facility ensures precision engineering, cost-effectiveness, and timely delivery, making us a trusted name in fire protection. At Marco, we believe in safeguarding lives with innovation, quality, and uncompromised safety standards.

About Us

At **MARCO FIRE PROTECTION SYSTEMS**, we are not only a leading manufacturer of fire safety equipment but also a trusted service provider committed to delivering complete fire protection solutions. Our mission is simple to ensure maximum client satisfaction through reliable products and professional services.

From designing and installation to testing, commissioning, and maintenance, every project is handled by our team of experienced professionals. We understand the critical importance of emergency response, which is why our dedicated team ensures timely service, anytime and anywhere.

We also recognize that every client has unique needs. That's why we offer cost-effective, customized solutions that fit within budget constraints without compromising on safety or quality. Since our establishment in 2020, we have earned a reputation as one of the most trusted names in industrial fire protection and safety solutions. Our success is built on consistent quality, competitive pricing, personalized service, and attention to detail—values that continue to guide us every day.

Our Team

At **MARCO FIRE PROTECTION SYSTEMS**, our strength lies in our dedicated and skilled team of professionals who work with a single vision—to deliver reliable fire safety solutions and complete client satisfaction. Every member of our team works in close coordination, ensuring timely execution, quality service, and long-term trust.

Our Team Includes:

- Fire Extinguisher Engineers – Ensuring precision in design & safety compliance
- Technocrats – Driving innovation in fire protection systems
- Quality Controllers – Maintaining strict quality standards at every stage
- R&D Personnel – Developing new technologies & advanced solutions
- After-Sales Support – Providing round-the-clock service & maintenance
- Warehouse & Packaging Staff – Ensuring safe and timely product delivery
- Sales & Marketing Representatives – Building strong client relationships

Together, our team brings expertise, innovation, and commitment—making **MARCO FIRE PROTECTION SYSTEMS** a trusted name in fire protection and safety.

Infrastructure

Over the past five years, **MARCO FIRE PROTECTION SYSTEMS** has built a state-of-the-art infrastructure that sets us apart from our competitors. Our facility is divided into specialized departments, where every professional works in close coordination to ensure seamless operations.

Our **Manufacturing unit** is equipped with modern machinery and advanced equipment that enhance efficiency, accuracy, and speed in production. Regular servicing and maintenance ensure that these machines continue to perform at their best.

We continuously adapt to the latest industry trends and technologies, enabling us to deliver an innovative and high-performance range of fire protection systems that meet global standards.

Domain Expertise

At **MARCO FIRE PROTECTION SYSTEMS**, we bring deep expertise in fire protection, fire engineering, safety engineering, and risk management. Our team provides end-to-end solutions, from concept to commissioning, ensuring complete compliance, safety, and reliability.

Fire Protection Systems:

- Design, erection, testing & commissioning of fire protection systems
- Risk-based system design as per occupancy codes and safety standards
- Re-engineering, modification & extension of existing systems based on client requirements

Fire Engineering Services:

- Annual Maintenance Contracts (AMC) for fire protection systems
- Non-destructive testing (NDT) of hydrant pipelines
- Fire protection design & performance assessments
- Complete project execution for industrial plants, storage facilities, high-rise buildings, commercial complexes, group housing, hospitals, and hotels
- Accident investigation & re-designing safety measures for incidents caused by corrosive liquids, fumes, gas leaks, dangerous machinery, fire & explosions
- Root-cause analysis and re-engineering to prevent recurrence of accidents

Audits & Risk Analysis

- Safety, Fire, Electrical & Energy Audits
- HAZOP (Hazard and Operability Study) & FMEA (Failure Mode and Effects Analysis) to reduce breakdowns, process failures, accidents, and fire risks

Specialized Services

We provide customized fire protection and safety solutions across a wide range of sectors:

Residential & Commercial

- Group Housing Societies
- High-Rise Complexes
- Shopping Malls & Commercial Centers

Industrial Facilities

- Chemical & Petrochemical Plants
- Rubber & Textile Industries
- Power Plants & Transformers
- Data Center
- Automobile & Engineering Industries
- Warehouses & Logistics Hubs
- Pharmaceutical Plants & Refineries
- Cement Plants
- Hospitals, Hotels, Museums & Laboratories
- Vault Management

Other Specialized Areas

- Military Installations
- Airports & Aviation Facilities
- Shipping & Marine Industries
- Panel Installations
- Construction Sites

Quality Assurance

At MARCO FIRE PROTECTION SYSTEMS, quality is at the heart of everything we do. We are committed to understanding the current and future needs of our clients and delivering an unmatched range of fire protection systems and services that exceed expectations.

Our dedicated team of qualified quality controllers carefully inspects, analyzes, and reviews every product before dispatch to ensure reliability, safety, and timely delivery. In addition, they continuously train our professionals to adopt best practices and innovative methods, ensuring that our services consistently meet the highest standards of performance and safety.

Client Satisfaction

At MARCO FIRE PROTECTION SYSTEMS, client satisfaction is at the core of our business. As a trusted manufacturer and service provider, we deliver both high-quality products and dependable fire protection services. From design and installation to testing and maintenance, every project is managed by our team of experienced professionals.

We ensure timely emergency response, reliable service, and solutions tailored to each client's needs—all while staying within budget. These values have helped us earn the trust and confidence of our clients, and we remain committed to maintaining the same level of consistency, reliability, and excellence every single day.

Why Choose Us?

Clients trust MARCO FIRE PROTECTION SYSTEMS because we consistently deliver safety, reliability, and value. What sets us apart:

-  Hi-Tech Infrastructure with modern machinery & technology
-  Quality-Assured Products meeting international standards
-  Expert Installation, Testing & Commissioning
-  Prompt & Reliable Service backed by 24/7 support
-  Skilled Team of Professionals with industry expertise
-  Competitive Pricing & Cost-Effective Solutions
-  On-Time Delivery with strict quality control
-  Strong Client Coordination for hassle-free execution
-  Dedicated After-Sales Support & Maintenance

Waiting for your good response!
